Local Area Introduction

The Workforce Innovation and Opportunity Act (WIOA) calls for an integrated and coordinated service delivery system that leverages and maximizes resources in a way that reduces unnecessary duplication of services; Memorandums of Understanding (MOU) serve as the blueprint for how this will occur at each local level.

One of the main goals of WIOA is to strengthen the ability of the public workforce system to align investments in workforce education, and economic development in support of local and regional in-demand industry sectors and jobs. Another key goal is providing customers with access to high-quality one-stops that are customer-centered and provide access to a full range of services.

It is the role of the local boards to negotiate and facilitate the MOU with required partners. The MOU serves as a functional tool, as well as a visionary plan, for how the local board and local partners will work together to create a unified service delivery system that meets the needs of their shared customers. The MOU development process can be viewed in two stages: stage one addresses service coordination and collaboration amongst the partners; stage two addresses how to sustain the unified system through cost sharing. Collaboration is essential for implementing a system that will meet the skilled workforce needs of employers and prepares an educated and skilled workforce.

To support and advance our vision and address the challenges and opportunities of our regional labor market and workforce, the Northeastern Workforce Development Board (NWDB) worked with partner representatives of the NWDB to formulate goals and strategies targeted to employers, job seekers and workers, and the workforce development system.

NWDB's Vision/Mission

Vision: Effectively identify and respond to the workforce development changes and needs of businesses and workers alike as they strive to create and expand economic opportunities within the region's high-wage, high-growth industries.

Cultivate, convene, manage and participate in successful partnerships that bring traditional and non-traditional, public and private partners together to address economic and workforce challenges.

The Board approaches the building of these partnerships with the view that we can accomplish our mutual goals more effectively—and that the region, as a whole, will be more successful—by working together.

Mission: The Northeastern Workforce Development Board is a local organization dedicated to bringing together employers and employees in **Aroostook, Hancock, Penobscot, Piscataquis, and Washington** counties to promote a healthy economy in the region. We seek to provide citizens with access to training and educational opportunities and the necessary support to obtain sustainable employment that leads to a livable wage as defined by the Maine State Workforce Board and provide employers with a skilled workforce.

The Northeastern Workforce Development Board will direct the use of employment resources for the benefit of our citizens and current and future employers by:

- Nurturing partnerships.
- Working in conjunction with local economic development initiatives.
- Being mindful of the needs of the local economy.

NWDB's Key Priorities and Strategies

Key Priority 1: Communication

- Increase brand recognition and awareness of resources the NWDB represents
- Increase awareness among employers of workforce development resources
- Market workforce services to job seekers to increase pool of workers, emphasize the jobs, careers, and wages training can lead to
- Host centralized calendar of workshops, etc. on NWDB website

- Train employers and board members to serve as advocates of workforce system and speak to civic and business organizations
- Attract talent by leveraging alumni networks to market directly to former Maine higher education students
- Utilize social media to disseminate information about workforce services
- Continue to improve visibility and access to NWDB Website through search engine optimization
- Share and utilize common-set of data regarding employment and occupations, and entrepreneurship

Key Priority 2: Upskill job seekers including the unemployed and underemployed to meet employer and job seeker needs

- Communication: market training opportunities and career pathways in high-demand occupations – emphasize the benefits of training (career prospects, future wages, etc.)
- Provide training opportunities through apprenticeships, work experiences, on-the-job training, transitional job opportunities and internships in partnership with employers, with emphasis on supporting targeted industries and in-demand occupations
- Promote incumbent worker training by directly engaging employers and using employer advocates
- Leverage suite of partner resources to not only provide training but also to provide “wraparound” services to help participants overcome barriers to education and training to complete program

Key Priority 3: Improve coordination and seamlessness of workforce system for customers and partners

- Communication: improve communication among partners by developing collateral that explains partner resources and priorities, by engaging in regular meetings, and by creating opportunities for training and updates
- Implement improvements to common intake system to increase seamlessness of referrals
- Increase communication among partners to increase trust and awareness of resources. Could take the forms of annual (or more frequent) meetings for all partners, webinars, or newsletters
- Incorporate “Workforce 101” training into new staff orientation so they understand the resources and partners in the region
- Engage partners in Regional Partnership Advisory Groups (RPAGs)

Key Priority 4: Grow labor force

- Communication: market training and career opportunities to youth, veterans, individuals with disabilities, students who have left the region, and older workers to increase the labor force size
- Conduct outreach to graduates of Maine colleges and universities to make them aware of career opportunities in the region
- Engage with Maine students before graduation to connect them to internship and job opportunities
- Consider co-locating on college campuses to directly provide career services to students
- Identify best practices from the “Ticket to Work” to continue to help individuals with disabilities access employment opportunities (Ticket to Work is a free and voluntary program that can help Social Security beneficiaries go to work, get a good job that may lead to a career, and become financially independent, all while they keep their Medicare or Medicaid. Individuals who receive Social Security benefits because of a disability and are age 18 through 64 probably already qualify for the program.)
- Offer training to senior citizens to help them transition into new careers
- Increase partner awareness of supportive services to help participants complete training programs and stay employed
- Support addiction recovery programs to allow participants to recover and access employment when ready

Key Priority 5: Assess, Adapt, and Administer

- Revisit strategic plan at least annually to ensure on progress priorities and strategies
- Regularly reassess targeted industries to determine if any should be added or removed
- Assign committees to track implementation of initiatives, measure success, and report to Board on progress
- Conduct Board orientation for all members to ensure they understand their responsibilities as board members and the workforce system

Memorandum of Understanding

This MOU is executed between the NWDB and the one-stop partners listed throughout this MOU that are collectively referred to as “one-stop partners” or “Parties” to this MOU.

This MOU is developed to confirm the understanding of the parties regarding the operation and management of the Northeastern Workforce Area one-stop center network for which the NWDB provides oversight.

The NWDB, with the agreement of the CEO (Chief Elected Official), has competitively selected Eastern Maine Development Corporation (EMDC), Aroostook County Action Program (ACAP) and RSU 39, Eastern Aroostook Adult Community and Education as the one-stop operator consortium for the Northeastern Workforce Area, the role of the Northeastern Workforce Area one-stop operator consortium is further outlined below.

The One-Stop Operating Budget and Infrastructure Funding Agreement establish a financial plan, including terms and conditions, to fund the service and operating costs of the Northeastern Workforce Area one-stop network. The Parties to this MOU agree that joint funding is an essential foundation for an integrated service delivery system and necessary to maintain the Northeastern Workforce Area’s high standards.

Among other items found herein, the Vision, Mission, System Structure, Terms and Conditions, One-Stop Operating Budget and Infrastructure Funding Agreement outlined reflect the commitment of the Parties to their job seeker and business customers, as well as to the overall Northeastern Workforce Area community.

A. Legal Authority:

The Workforce Innovation and Opportunity Act (WIOA) sec. 121(c)(1) requires the local board, with the agreement of the Chief Elected Official (CEO), to develop and enter into a Memorandum of Understanding between the Local Board and the One-Stop Partners, consistent with WIOA Sec. 121(c)(2), concerning the operation of the one-stop delivery system in a local area. This requirement is further described in the WIOA Joint Rule for Unified and Combined Plans, Performance Accountability, and the One-Stop System Joint Provisions: Final Rule at 20 CFR 678.500, 34 CFR 361.500, and 34 CFR 463.500, and in Federal guidance.

Additionally, the sharing and allocation of infrastructure costs among one-stop partners is governed by WIOA Sec. 121(h), its implementing regulations, and the Federal Cost Principles contained in Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance at 2 CFR part 200).

B. Components of the MOU:

Pursuant to 20 CFR 678.500, each local MOU must (at a minimum) include the following components:

1. A description of the services that will be made available through the system and ways services will be coordinated and delivered by the partners
2. Agreement on funding the costs of the services and operating costs of the system, including:
 - i. Funding of infrastructure costs of the one-stop centers in accordance with 20 CFR 688.700 through 678.55; and
 - ii. Funding of the shared services and operating costs of the one-stop delivery system.
3. Methods for referring individuals between the one-stop partners for appropriate services and activities;
4. Methods to ensure the needs of workers, youth and individuals with barriers to employment, including individuals with disabilities, are addressed in providing access to services, including access to technology and materials that are available through the one-stop delivery system
5. The duration of the MOU and the procedures for amending it; and
6. Assurances that the MOU will be reviewed, and if substantial changes have occurred, renewed, not less than once every 3-year period to ensure appropriate funding and delivery of services.

In addition, the MOU contains information on compliance with Federal, State, and Local laws and regulations and process steps for negotiating and coming to consensus. Given the evolving nature of WIOA implementation and system

integration partners understand that this is an “ever-green” document which from time to time shall be expanded and amended as needed.

C. Duration

This service coordination portion of this MOU is entered into on July 1, 2017. This MOU will become effective as of the date of signing by the final signatory below and must terminate on June 30, 2020, unless any of the reasons in the Termination section apply.

All Parties agree that this service coordination provision of this MOU shall be reviewed and renewed not less than once every 3-year period to ensure appropriate delivery of services.

An interim cost sharing agreement is in place until January 1, 2018, at which time a WIOA approved local cost sharing agreement will be implemented and will remain effective until June 30, 2018, at which time it will terminate and be reviewed and revised by or before every July 1, thereafter.

All Parties agree that the local cost sharing agreement provision of this MOU shall be reviewed and renewed not less than once per year (annually) to ensure appropriate funding of the one-stop center system.

All Parties agree that the local cost sharing agreement will be reconciled on at least a quarterly basis to assure that costs contributed are reasonable based on the Partner’s proportionate share relative to benefit received.

D. Amendment Procedures

1. Notification: When a Partner wishes to amend the MOU, the Partner must first provide written notification to all signatories of the existing MOU and outline the proposed amendment(s).
2. Discussion/Negotiation: Upon notification, the local board Chair (or Designee) must ensure that discussions and negotiations related to the proposed amendment(s) take place with partners in a timely manner as appropriate. Depending upon the type of amendment(s), this can be accomplished through email communications to all the Parties. If the proposed amendment(s) is extensive and is met with opposition, the Local Board Chair (or Designee) may need to call a meeting of the Parties to resolve the issue. Upon agreement of all Parties the amendment(s) will be processed.
3. Substituted Party: If the amendment(s) involves substitution of a party that will not impact any of the terms of the agreement, it can be accomplished by the original party and the new party entering into this MOU with local board approval.

As may be appropriate, if determined that a Partner is unwilling to sign the MOU, then the local board Chair (or designee) must ensure that the dispute resolution process is followed.

E. Dispute Resolution

The following section details the dispute resolution process designed for use by the Partners when unable to successfully reach an agreement necessary to execute the MOU. (Note: This is separate from the local area Customer Grievance and Complaint Management Policy.)

A disagreement is considered to have reached the level of dispute resolution when an issue arises out of the development and negotiation of an MOU that is not easily coming to a point of resolution. It is the responsibility of the local board Chair (or designee) to coordinate the MOU dispute resolution to ensure that issues are being resolved appropriately. Any party to the MOU may seek resolution under this process.

All Parties are advised to actively participate in local negotiations in a good faith effort to reach agreement. Any disputes shall first be attempted to be resolved informally. Should informal resolution efforts fail, the dispute resolution process must be formally initiated by the petitioner seeking resolution. The petitioner must send a notification to the

local board Chair (or designee) and Parties to the MOU regarding the conflict within 108 business days. The local board Chair (or designee) shall place the dispute on the agenda of a special meeting of the local board's Executive Committee and/or Appeals Committee and such committee shall attempt to mediate and resolve the dispute. Disputes shall be resolved according to the local board Executive or Appeals Committee decision process or by a 2/3 majority consent of the committee.

The decision of the Executive or Appeals Committee shall be final and binding unless such a decision is in contradiction of applicable State and Federal laws or regulations governing the Partner agencies. The right of appeal no longer exists when a decision is final. Additionally, final decisions will not be precedent-setting or binding on future conflict resolutions unless they are officially stated in this procedure. The Executive or Appeals Committee must provide a written response and dated summary of the proposed resolution to Parties to the MOU.

The local board Chair (or designee) will contact the petitioner and the appropriate Parties to verify that all are in agreement with the proposed resolution.

F. Termination

This MOU will remain in effect until the end date specified in the Duration section, unless:

1. All Parties mutually agree to terminate this MOU prior to the end date.
2. Federal oversight agencies charged with the administration of WIOA are unable to appropriate funds or if funds are not otherwise made available for continued performance for any fiscal period of this MOU succeeding the first fiscal period. Any party unable to perform pursuant to MOU due to lack of funding shall notify the other Parties as soon as the party has knowledge that funds may be unavailable for the continuation of activities under this MOU.
3. WIOA is repealed or superseded by subsequent federal law.
4. Local area designation is changed under WIOA.
5. A party breaches any provision of this MOU and such breach is not cured within thirty (30) days after receiving written notice from the local board specifying such breach in reasonable detail. In such event, the non-breaching party(s) shall have the right to terminate this MOU by giving written notice thereof to the party in breach, upon which termination will go into effect immediately. In the event of termination, pertaining to a breach, the Parties to the MOU must convene within thirty (30) after the breach of the MOU to discuss the formation of the successor MOU. At that time, allocated costs must be addressed.
6. Any party may request to terminate its inclusion in this MOU by following the modification process identified in the Modification Process section above.

Parties agree that all equipment and furniture purchased by any party for purposes described herein shall remain the property of the purchasers' after termination of this agreement.

System Structure and Services

Maine's workforce development system is made up of multiple partners and workforce boards responsible for developing and implementing workforce strategies at both the State and local levels. The State Workforce Development Board is an advisory board to the Governor that provides leadership to the education and workforce system and which sets and communicates the vision for Maine's workforce system, convenes key strategic partnerships to achieve the vision, and uses data and accountability systems to ensure the system is on track.

Local boards take on a similar strategic roles but have somewhat different functions pertaining to implementation of workforce programs and services. Maine has three local workforce development areas overseen by the following local boards:

-  Northeastern WDB, covering Aroostook, Hancock, Penobscot, Piscataquis and Washington counties.
-  Central Western Maine WDB, covering Androscoggin, Franklin, Kennebec, Oxford and Somerset counties.

Coastal Counties WDB, covering Cumberland, Lincoln, Knox, Sagadahoc, Waldo, and York counties.

Local area governance begins with the chief elected official (CEO) a County Commissioner from each local area who on behalf of all the counties in the local area, takes on financial liability for WIOA funds allocated by the State to each local area through sub-awards. The chief elected officials (CEOs) are also responsible for appointing local workforce development board members, approving the local board's local workforce plan and budget and serving as the local grant recipient and who may designate an entity to serve as a fiscal agent on their behalf.

Local workforce development boards are responsible for defining and overseeing strategies, goals, objectives, and requirements for the use of grant funds. Local boards are made up primarily of business members representing employers from the local area and leads from agencies that serve job seekers and workers. Local boards are facilitated by a chair person, selected from among the business membership of the board. Local boards have many functions and are responsible for convening industry partners and educational institutions to identify career pathways within key industry sectors in the local area. Local boards hire staff to assist in grant administration and implementation. Local board staff conducts monitoring and oversight of local service providers that deliver WIOA programs, create and submit required performance reports and disseminate information to local area stakeholders and more.

The goal of Maine's workforce development system is to enhance the range, integration, and quality of workforce development services available to job seekers and businesses through a coordinated approach among partner agencies through a network of physical sites known as the one-stop system.

Local boards establish strategic direction for their local areas through contracts with service providers, by generating policies and through establishing a One-Stop Operator to coordinate the integration of services provided by the partner agencies that make up the local one-stop system.

A. American Job Centers

System services are delivered through various kinds of physical centers referred to nationally as American Job Centers and referred to in Maine as CareerCenters, Workforce Solutions Centers and in this MOU as one-stop centers. There are three levels of one-stop centers as follows:

1. **Comprehensive One-Stops (COS).** Each local area must have one comprehensive one-stop center from which all partner programs can be accessed. The Bangor and Machias one-stop centers are the Comprehensive One-Stops for the Northeastern Workforce Area. Partner programs are required to provide "access" to their services from the COS in the local area at a minimum, but are encouraged to provide access to services at any or all of the centers in the local one-stop delivery system. Ways to provide "access" to partner services includes:

Option 1: Having a partner program staff member physically present at the comprehensive one-stop center;

Option 2: Having a staff member from a different partner program physically present at the comprehensive one-stop center who is appropriately trained to provide information to customers about the partner's programs, services, and activities; or

Option 3: Making available a "direct linkage" through technology to a program staff member who can provide meaningful information or services.

- A "direct linkage" means providing direct connection at the comprehensive one-stop center, within a reasonable time, by phone or through a real-time Web-based communication, to a partner program staff member who can provide program information or services to the customer.
- A "direct linkage" cannot exclusively be providing a phone number or a Web site address or printed pamphlets, or materials; it means a direct linkage to a partner program staff person.

2. **Affiliate One-Stops (AOS)** Local boards may also choose to operate other access points to service in addition to comprehensive one-stops. Such access points are called affiliate or specialized one-stop centers and are established

to supplement and enhance customer access to partner services. Affiliate sites may make one or more of the one-stop partner's program services and activities available to job seekers, workers and employers.

3. **Specialized One-Stop Centers (SOC)** Local boards may establish specialized centers for a variety of reasons depending on local workforce needs. The local board, in conjunction with the partners and one-stop operator may determine that a specialized center is warranted. Specialized are not required to provide access to every partner service; however, partner services provided through specialized one-stop centers must be determined through partner negotiations at the local level and incorporated into this MOU.

See **Appendix-D** for a map of the Northeastern workforce area one-stops.

B. One-Stop Operator

The NWDB selected the one-stop operator consortium (EMDC, ACAP and RSU 39), through a competitive process (i.e.: RFP), in accordance with OMB Uniform Guidance, WIOA and its implementing regulations, and procurement laws and regulations. All documentation for the competitive one-stop operator procurement and selection process is published and may be viewed on the Northeastern Workforce Development Board's Website at:

<http://www.northeasternwdb.org/resources/rfp-proposal/> . The State requires that the one-stop operator/consortium is re-competed at least every three years and not later than every four years.

The primary function of the one-stop operator (OSO) is to coordinate the One Stop Partners' meetings, services of the required partners and to implement the Northeastern Workforce Area MOU. Coordinating in partnership with the NWDB staff the one-stop delivery system integration ensuring the engagement of all required WIOA partners.

The OSO consortium will increase use of all required services and assure that they are accessible and being effectively delivered in the local area and:

- Ensure universal access to career and training services
- Provide data, information, and analysis of appropriate labor market data to local partners
- Retain, support and establish relationships and networks with large and small employers and their intermediaries. Use partners and other community based organization to boost and build the system and support the one stop
- Assist in the development, writing and execution of the One Stop Partners (OSP) Memorandum of Understanding (MOU)
- Collect and report on shared cost within the one stop career centers and using the report template provided by the NWDB to report to the NWDB quarterly.

C. Partners

Per 20 CFR 678.415, the partners required to enter into this MOU with NWDB are those partner entities that act as the grant recipient / administrative entity responsible for administering the program grant funds. The term "entity" does not include service providers that the grant administrators contact with, nor does it include subrecipients of the local administrative entity.

Some of these entities are the required partner for all three local areas in the State and some are required partners only in the local area in which their program is physically located. WIOA required partners in Maine are the administrators of the following national grant-funded programs:

1. NWDBs, Adult, Dislocated Worker and Youth programs;
2. Maine Department of Education, Adult Education and Family Literacy Act programs;
3. Maine Department of Labor, Bureau of Employment Services, Employment Services programs;

4. Maine Department of Labor, Bureau of Employment Services, Trade Adjustment Assistance programs;
5. Maine Department of Labor, Bureau of Employment Services, Jobs for Veteran’s State Grant programs;
6. Maine Department of Labor, Bureau of Unemployment Compensation, Unemployment programs;
7. Maine Department of Labor, Bureau of Rehabilitation Services, Vocational Rehabilitation programs;
8. Maine Community College System and Campuses, Postsecondary Carl B. Perkins Act grants;
9. Maine Department of Health and Human Services, Community Services Block Grant;
10. Association for Training and Development (A4TD), Senior Community Services Employment Programs;
11. Eastern Maine Development Corporation, National Farmworker Jobs Program;
12. Housing and Urban Development, HUD Employment and Training Programs; ***
13. Career Systems Development for Loring and Penobscot Job Corps Programs; *

*Job Corps programs serve state and national customers regardless of their physical location and are required partners for all three local areas.

Native American programs serve customers in the local area in which their program is physically located; per WIOA Native American programs are not required to contribute to infrastructure cost sharing. **(Penobscot Indian Nation)

***YouthBuild grantees serve customers in the locality in which their program is physically located.

***HUD Employment and Training Programs serve customers in the towns in which each housing authority is located. **(City of Bangor Housing Authority, City of Caribou Housing Agency, City of Old Town Housing Authority, and City of Brewer Housing Authority)**

1. Partner Roles and Responsibilities

The primary expectation of this MOU is partner support for the alignment and coordination of workforce development, education, community and economic development resources in the local area. Partners agree to support a comprehensive, accessible, high-quality one-stop system in each local area; a system that is accessible and easily navigated by job seeker, worker and employer customers alike.

Partners agree to commit to a new level of collaboration required to bring about a local workforce system that: promotes improvement in the structure of and delivery of multiple partner services; addresses the employment and skill needs of workers, jobseekers, and employers; articulates career pathways for in-demand occupations and industries; results in workforce participation and preparation of underutilized populations and individuals with barriers; and enables workforce participants to enter career pathways that provide self-sustaining wages and offer upward mobility.

Under WIOA all required partners of the one-stop delivery system are expected to have the necessary level of knowledge of each partner’s programs to be able to make appropriate referrals and braid appropriate resources on behalf of shared customers. Per 20 CFR 678.430 there are basic career services that all partners are expected to provide which are primarily informational and relate to an integrated and coordinated system of services (to job seekers, workers, and in some cases employers) a list of these can be found on page 4 of **Appendix-A**. In addition, 678.420 the role of required partners is identified as follows:

- a) Provide access to its programs or activities through the comprehensive one-stop center and as able throughout the one-stop system;
- b) Use a portion of funds made available to the partners' program, to the extent consistent with Federal law authorizing the partner's program and with Federal cost principles in 2 CFR parts 200 and 2900 (requiring among other things, that costs are allowable, reasonable necessary, and allocable) to:
 1. Provide applicable career services; and
 2. Work collaboratively with the State and local boards to establish and maintain the one-stop delivery system. This includes jointly funding the one-stop infrastructure through partner contributions that are based upon:
 - i. A reasonable cost allocation methodology by which infrastructure costs are charged to each partner based on proportionate use and relative benefit received;
 - ii. Federal cost principles; and
 - iii. Any local administrative cost requirements in the Federal law authorizing the partner's program;
- c) Enter into an MOU with the local board relating to the operation of the one-stop delivery system that meets all the requirements contained herein;
- d) Participate in the operation of the one-stop delivery system consistent with the terms of this MOU, requirements of authorizing laws, the Federal cost principles, and all other applicable legal requirements; and
- e) Provide representation on the State and Local boards as required and participate on board committees as needed.

2. Partner Commitments

In addition to the roles identified under WIOA as delineated above, Partners to this MOU agree to work with the local One-Stop Operator to align and coordinate workforce development resources in a way that is seamless to the customer, maximizes resources, reduces redundancies and improves the outcomes of participants of each partner program. To facilitate such a system, Partners agree to:

1. Familiarize their staff with the basic eligibility and participation requirements and available services and benefits offered by each of the Partner programs identified in Appendix-A;
2. Allow their staff to participate in cross-training opportunities developed to facilitate such familiarity;
3. Assist in developing materials and/or participating in delivery of cross-training to facilitate such familiarity;
4. Work to utilize common intake, assessment and registration tools and standards;
5. Regularly evaluate ways to improve the referral process including the use of customer satisfaction surveys;
6. Commit to robust and ongoing communication with partners required for an effective referral process;
7. Commit to actively follow-up on the results of referrals and assure that partner resources are being leveraged at the optimum levels;
8. Provide **suitable** referrals and service coordination in accordance with the Referral Requirements Section below.

Additionally, all Parties shall:

- Collaborate and reasonably assist each other in the development of necessary service delivery protocols for the services outlined in the Partner Services section above;
- Agree that the provisions contained herein are made subject to all applicable federal and state laws, implementing regulations, and guidelines imposed on either or all Parties relating to privacy rights of customers, maintenance of records, and other confidential information relating to customers; and

D. System Services and Provider

The services, eligibility criteria, and funding sources for each required partner are identified in **Appendix-A** Partner Services Information. In this section, each partner identifies the grant administrator, the service providers and service

locations, an overview of each partner’s services, eligibility criteria for each partner’s services and a list of actual services offered and special requirements requested by each partner regarding this MOU.

E. Referral Requirements

As mentioned, **Appendix-A** provides an overview of services offered by each required partner and the level of those services that will be made accessible through the comprehensive and affiliate one-stop centers in the local area. A robust referral mechanism is to be put in place to ensure a customer-centric, integrated, and seamless delivery of services to workers, job seekers, and employers.

After informing customers about the opportunities and resources available to them, partners will make referrals based on the level of interest expressed by the customer and/or the readiness or need of the customer, (worker, job seeker, and/or employer) for the services of the partner program to which the customer is being referred. There are two types of referrals, an informal referral to customers who after learning about another partner’s services expresses an interest in more information; and a more formal referral known as a coordinated referral that is by and between partner agencies that intend to enroll and serve a specific customer who would benefit from the services of another partners.

Referral Types: The referral process may be either **Informal** or **Coordinated (Formal)**

An Informal Referral – is a paper or online referral provided to the customer by the initiating Partner that refers and guides that customer to another Partner program. This level of referral allows the customer to utilize the referral according to his or her needs and does not require formal follow-up from the receiving partner agency.

Coordinated Referral – is a staff- initiated referral on behalf of a customer that is currently receiving enrolled services from the referring partner and/or who specifically requires the services of the partner to which they are being referred. Such referrals may require customer approval and/or a release of information. Coordinated referrals involve direct contact between staff of the referring partner and the staff of the receiving partner that discuss the specific needs of the customer requiring shared services.

Partners agree to collaborate to standardize the referral process across partner programs and to ensure provider staff understand these referral types.

System Operating Costs

One-stop infrastructure cost sharing as required under WIOA Section 121(h) is negotiated at the local area level through methods agreed upon by the local board, chief elected official, and one stop partners. WIOA guidance has provided additional time for Partners to work on cost sharing agreements.

The State will soon publish guidance for local areas to use to negotiate infrastructure cost sharing and shared service costs, in addition, it the State will publish the State Funding Mechanism that identifies the percentage of funds each required partners will be required to allocate toward infrastructure costs sharing should the local area be unable to establish agreement on infrastructure cost sharing.

The WIOA required Local Funding Mechanism (i.e.: infrastructure cost sharing agreement) is not required to be in place until January 1, 2018.

Local Area Operating Costs, the MOU must identify information about the full one-stop system operating costs of each local area. Operating costs include costs such as facilities rent, utilities, equipment and interactive technologies and staff costs salaries, fringe and benefits, insurances, and service delivery costs such as materials. In addition, to clear identification of operating costs, the MOU must include a copy of the Infrastructure cost sharing agreement in place. See **Attachment-B** for current local area infrastructure costs.

Interim Infrastructure Cost Sharing Agreement, WIOA allows for the infrastructure cost sharing agreements currently in place between those partners housed in and sharing the rent of one-stop centers, equipment and IT costs in the local area system today to remain in place until the new WIOA required cost sharing agreement is implemented.

Duration, the duration of the interim cost sharing agreement implemented July 1, 2017 will remain in place until December 31, 2017.

The duration of the new WIOA required Infrastructure Cost Sharing Agreement must be in place by January 1, 2018 and will remain in effect until June 30, 2018 at which time the annual WIOA-required local area cost sharing agreement will be entered into for a one-year period from July 1, 2018 through June 30, 2019.

The infrastructure cost sharing agreement will be reviewed and revised annually thereafter and must be in place by July 1, of each succeeding year.

Other Terms and Conditions

A. Data Sharing and Protection of Personally Identifiable Information

Partners agree that the use of high-quality, integrated data is essential to inform decisions made by policymakers, employers, and job seekers. Additionally, it is vital to develop and maintain an integrated case management system, as appropriate, that informs customer service throughout customers' interaction with the integrated system and allows information collected from customers at intake to be captured once.

Partners acknowledge that the execution of this MOU, by itself, does not function to satisfy these requirements.

In addition, in carrying out their respective responsibilities, each Party shall respect and abide by the confidentiality policies and legal requirements of all the other Parties. Each Party will ensure that the collection and use of any

information, systems, or records that contain PII and other personal or confidential information will be limited to purposes that support the programs and activities described in this MOU and will comply with applicable law.

Each Party will ensure that access to software systems and files under its control that contain PII or other personal or confidential information will be limited to authorized staff members who are assigned responsibilities in support of the services and activities described herein and will comply with applicable law. Each Party expressly agrees to take measures to ensure that no PII or other personal or confidential information is accessible by unauthorized individuals. To the extent that confidential, private, or otherwise protected information needs to be shared amongst the Parties for the Parties' performance of their obligations under this MOU, and to the extent that such sharing is permitted by applicable law, the appropriate data sharing agreements will be created and required confidentiality and ethical certifications will be signed by authorized individuals.

C. Accessibility

Accessibility to the services provided by the American Job Centers and all Partner agencies is essential to meeting the requirements and goals of the one-stop center network. Job seekers and businesses must be able to access all information relevant to them via visits to physical locations as well as in virtual sites, regardless of gender, age, race, religion, national origin, disability, veteran's status, or on the basis of any other classification protected under state or federal law.

a. Physical Accessibility:

One-stop centers will maintain a culture of inclusiveness and the physical characteristics of the facility, both indoor and outdoor, will meet the latest standards of accessible design. Services will be available in a convenient, high traffic, and accessible location, taking into account reasonable distance from public transportation and adequate parking (including parking clearly marked for individuals with disabilities). Indoor space will be designed in an "equal and meaningful" manner providing access for individuals with disabilities.

b. Virtual Accessibility:

The local board will work with the State board to ensure that job seekers and businesses have access to the same information online as they do in a physical facility. Information must be clearly marked and compliant with Section 508 of the U.S. Department of Health and Human Services code. c. Communication Accessibility

Communications access, for purposes of this MOU, means that individuals with sensory disabilities can communicate (and be communicated with) on an equal footing with those who do not have such disabilities. In addition, communications access means taking reasonable steps to provide meaningful access to programs and services to individuals with limited English proficiency (LEP) or for whom English is not their primary language. Such steps may include using signage with multiple language lines in order to assess the individual's native language, by providing general informational materials in non-English languages known to be spoken in the local area, and/or by providing adequate notice of and accessing language translation services as appropriate.

d. Programmatic Accessibility

All Partners agree that they will not discriminate in their employment practices or services on the basis of gender, gender identity and/or expression, age, race, religion, national origin, disability, veteran's status, or on the basis of any other classification protected under state or federal law. Partners must assure that they have policies and procedures in place to address these issues, and that those policies and procedures have been disseminated to their employees and otherwise posted as required by law.

Partners further assure that they are currently in compliance with all applicable state and federal laws and regulations regarding these issues. All Partners will cooperate with compliance monitoring that is conducted at the local level to ensure that all one-stop center programs, services, technology, and materials are physically and programmatically accessible and available to all.

Additionally, staff members will be trained to provide services to all, regardless of range of abilities, mobility, age, language, learning style, or comprehension or education level. An interpreter will be provided in real time or, if not available, within a reasonable timeframe to any customer with a language barrier. Assistive devices, such as screen-reading software programs (e.g., JAWS and DRAGON) and assistive listening devices must be available to ensure physical and programmatic accessibility within the one-stop center network.

D. Monitoring and Evaluation

Maine Unemployment Compensation Program

Partner:

The **Maine Department of Labor, Bureau of Unemployment Compensation** is the grant administrator of Unemployment Insurance Tax, and Unemployment Compensation services.

Service Provider and Service Locations:

Unemployment services are only accessible via the internet, phone or postal system. Employment Services staff have been trained to provide meaningful assistance to claimants who enter one-stops with inquiries about Unemployment Insurance Claims and each comprehensive one-stop provides access to a UI Claims adjudicator who will call the claimant back within 24 hours if not immediately available to answer the claimant's questions.

Services and Eligibility Overview:

Unemployment insurance provides a temporary source of income to individuals who have lost their jobs through no fault of their own. Unemployment insurance is funded solely by unemployment taxes paid by employers; workers do not pay into the unemployment system. An unemployed individual can apply for unemployment compensation as soon as they become unemployed. Any weeks prior to the date their application is filed cannot be considered and are not eligible for benefits, so UI claimants must not wait to file their claim but must file it immediately after layoff.

Individuals can apply for unemployment online, by telephone, or by mail. Their best option for filing an unemployment claim is to file online. Calling to speak with a customer service representative may be difficult during periods of high call volume, especially Mondays and Tuesdays when they may experience a long wait time on the phone or get a message to call back later in the day. Wait times are typically shorter on Wednesdays and Thursday mornings. Claims calls may be made between 8:00 a.m. and 12:30 p.m.

If an individual is temporarily laid off and their employer is expected to hire them back within a short period, they may be provided with a partial claim form.

o file a claim an individual will need the following information handy:

- Their Social Security Number (and Alien Registration Number if applicable);
- Their business name, address and telephone number of each place they worked during the past 18 months; and
- The job titles they held and the dates they worked (for each employer).

Veterans separated from the armed forces within the past 18 months will need to provide information from a DD-214 form. Federal civilian employees who have been separated will need to provide information from an SF-8 or SF-50 form.

Once an individual has filed a claim, their former employer will be notified. The dollar amount an individual is qualified to receive each week is called the **Weekly Benefit Amount (WBA)**. It is based on their earnings during a set period prior to their job loss. Effective June 1, 2016, the maximum WBA a person can receive is \$410.00, plus \$10 per dependent and can total no more than one half of their WBA.

The maximum amount of benefits one can receive, as well as the length of time that one may receive benefits depends on one's individual earnings, but is limited to a maximum of 26 weeks of regular unemployment benefits. Not all individuals qualify for all 26 weeks. Not all weeks need to be used consecutively, but must be used within the benefit year. A benefit year is a period of 52 consecutive weeks; it begins with the week in which one files the initial application for benefits. Because a benefit year must be created for each claimant, the term is commonly used as shorthand for a person's unemployment "account" the term is used both to define the period during which one may be eligible to receive benefits and to describe the record one has established with the unemployment bureau to receive benefits. In order to receive unemployment compensation benefits, the individual must be able and available to go to work for each day they claim a benefit. Any day they are unable to go to work (in hospital for example) or unavailable to go to work (away on vacation for example) they will not be eligible to receive benefits for that time period. In addition, individuals receiving unemployment benefits must actively be looking for a job.

There are many specific rules and regulations pertaining to unemployment compensation and each individual's circumstances are taken into consideration. Staff members that work in the one-stop center can assist you with information about filing for unemployment insurance but cannot answer questions about specific benefits you may be able to receive, only BUC can provide this level of information to a claimant.

BUC services can be accessed via: <http://www.maine.gov/labor/unemployment/claims.html>

There are steps a certified worker must take to ensure their certification is documented and that they have met certain timeframes in which they have to make choices about the type of trade services they would like to pursue. Certified workers may be eligible to receive job search assistance, training, relocation allowances, additional weeks of unemployment benefits and a tax credit on health insurance premiums. ATAA provides eligible workers over 50 with a wage subsidy if they find new employment within 26 weeks of their separation and their new job has lower wages than their old job.

Trade affected workers may receive any of the services identified as Basic and Individualized Services listed under Title IB services. Trade-certified workers may be eligible to receive job search assistance, training, relocation allowances, additional weeks of unemployment benefits and a tax credit on health insurance premiums. ATAA is a trade act program that provides eligible workers over 50 with a wage subsidy if they find new employment within 26 weeks of their separation and their new job has lower wages than their old job.

Eligibility for Trade Adjustment Assistance Services is based on employer certification that is conducted by the US Department of Labor on companies that have closed or undergone significant downsizing as a result of jobs going outside of the U.S.A. Workers of companies that have been Trade Certified are referred to as certified workers. The Bureau of Employment Services works to contact all TAA eligible participants and to inform them of their eligibility and how they can access services. Individuals who qualify for TAA also qualify for the Title IB Dislocated Worker program and may be co-enrolled in both programs as appropriate to address the service needs of the individual.

TAA provides the same services as those provided to Title IB Dislocated Workers listed above, including Basic and Individualized Career Services and Training Services.

Community Services Block Grant (CSBG)

Partner Overview:

The Maine Department of Health and Human Services is the grant administrator of the Community Services Block Grant (CSBG); a grant that provides core funding to ten Community Action Agencies (CAPs) in Maine. The goal of the CSBG is to reduce poverty, revitalize low-income communities and empower low-income families to become economically self-sufficient.

Community representation and accountability are hallmarks of the CSBG network, where agencies are governed by a tripartite board. This board structure consists of elected public officials, representatives of the low-income community, and appointed leaders from the private sector. Because the CSBG funds the central management and core activities of these agencies, the CSBG network is able to mobilize additional resources to combat the central causes of poverty. CSBG funds support the network of CAP agencies and their ability to access numerous other resources on behalf of their customers.
