BACKGROUND:

The Workforce Innovation and Opportunity Act (WIOA) allows funding for eligible youth to be used as incentives to recognize achievement in identified workforce development programs. The NWDB has developed this policy to ensure that appropriate and necessary incentives to encourage eligible youth participants in the local workforce development area to achieve specific goals tied to training activities and work experiences. This policy is intended to ensure compliance with all federal and state regulations by providing guidance to NWDB staff, fiscal agent staff, program services staff on the use of youth incentives. This policy applies to all LWDB funded in-school youth (ISY) and out-of-school youth (OSY) participants. Youth program services staff are responsible for implementing this policy.

INCENTIVES FOR YOUTH DEFINITION: An incentive is a type of compensation for youth participants permitted for recognition and achievement directly tied to training activities and work experience. WIOA Youth funds can be used for the purpose of offering an incentive to induce behavior toward achievement of a specific goal.

PAYMENT PROCEDURES

Youth Incentive payments are not guaranteed, nor are participants entitled to receive them. Incentive dollars are based on budget availability. The use of Youth Incentives is on a case-by-case basis depending on the Employment/Training Plan.

Youth incentive payments are permitted for recognition and achievement directly tied to training activities, Work Experiences, and goals of the specific program that occur during program participation.

Providing a Youth Incentive prompts WIOA Staff to recognize the participants’ achievements and congratulate them on their accomplishments. Incentives assist in the relationship development between

WIOA staff and a participant, providing consistent contact and recognized progress towards long-term goals.

While incentive payments are allowable under WIOA, the incentives must follow the Cost Principles in 2 CFR part 200. For example, Federal funds must not be spent on entertainment costs. Therefore, incentives must not include entertainment, such as movie or sporting event tickets or gift cards to movie theaters or other venues whose sole purpose is entertainment. Additionally, there are requirements related to internal controls to safeguard cash, which also apply to safeguarding of gift cards, which are essentially cash.

Payment steps include the following:

LIMITATION: Achievements completed prior to WIOA enrollment do not qualify for Youth Incentives. Incentive opportunities must be documented in a signed employment/training plan before the goal is started.

- The WIOA Service Provider may make incentive payments to eligible enrolled/active participants based on properly documented attainment of milestones toward achieving an identified Employment/Training Plan.
- The Service Provider will complete an authorization form for approval by their respective agency. Once approved, the Service Provider will put a copy of the form in the participant’s case file in the appropriate case file section that relates to the incentive requested/being paid and upload the completed form.
- Once the Service Provider has verified the Employment/Training goal is achieved and documentation is uploaded in Maine Job Link (MJL), the Service Provider will enter a program note clearly explaining the attainment of the goal and the ensuing request for incentive payment as well as the payment amounts for each.
- The Service Provider will issue a check or other appropriate payment mechanism as required. If the request is denied, the Service Provider must enter a case note in program notes explaining why it was denied. The Service Provider will be responsible for presenting the payment to the participant.
- All Youth Incentives must have the corresponding service or activity entered in MJL for the period it is provided.
- A participant is only eligible for the incentive once per training activity category.
